

GSK The Netherlands Patient Organization Funding

astmaVereniging Nederland en Davos (VND)

The asthma Association of the Netherlands and Davos (VND) is a patient association for people with (severe) asthma. The association is committed to improving the quality of life of this group of people, by supporting research into guidelines and treatments, but also by initiating interaction between members.

We have supported this group since 2022.

During 2023:

GSK provided € 508,89 of funding in a collaboration around a patient panel about severe asthma.

GSK also provided € 2.500 of funding for the production of the webinar 'Asthma and the dialogue with your caregiver', which VND organized with the goal of empowering patients to achieve ownership of their own asthma disease process.

Our support represented 1,5% of their overall income.

During 2022:

GSK provided € 5,000 of funding to support a substantive program component [discussion about care for people with (severe) asthma] of the celebration of the 125th anniversary of VND.

Our support represented 2% of their overall income.

During 2021:

No support provided in 2021.

GSK The Netherlands Patient Organization Funding
